

Should I Do a Presentation?

Does the thought of speaking in front of others make you sweat? 4-H presentations to the rescue! Participating in presentation opportunities in 4-H will help you:

Learn to organize and present information Gain self-con dence and public speaking skills Become more knowledgeable and teach others Respond to questions

Compete for awards and recognition

Opportunities Abound

Club presentations

Community service organizations

District, state or national contests

School classes

Teaching workshops

Talent shows and special events

YouTube and other online sites

Camps

Drama productions, puppet shows and theater

Radio and television

Fair exhibits and events

What Can It Be?

Most 4-H presentation contests include the following categories:

Demonstration: Shows how to do something. Visual aids and posters may be used. e demonstration could include a talent (skit, musical number, comedy, etc.) or cultural arts (dramatic reading, music, dance or other performing arts).

Illustrated Talk: Tells about a topic related to an educational display. Visual aids, posters, slides, PowerPoint, video or digital media may accompany the presentation.

Speech:

A **Prepared Speech** is written and delivered by the member. It may be informative, persuasive or entertaining. Note cards may be used, but no visual aids are permitted.

An **Extemporaneous Speech** is where the participant is given a topic (or a choice of two or three topics) and research materials, with a time limit to prepare, then makes the presentation.

How Do I Get Started?

- 1. **Choose a topic** of interest to you and others.
- 2. **Research your topic**, theme or demonstration idea.
- Develop an outline and time frame to help you organize the steps in the process and gather the equipment, supplies, illustrations and knowledge required.
- 4. **List the important steps** and processes to be discussed and arrange in logical order.
- 5. Outline the explanation necessary to go with each step or process. Remember that people learn in di erent ways, so the presentation should include both verbal and visual information.
- 6. **List and prepare** the necessary material, equipment, illustrations, models etc.
- 7. **Organize your introduction** (what, who, why), **main body** (what, how, why) and **conclusion** (summary, questions, closing).
- 8. **Plan your appearance.** Wear suitable clothing; be neat and clean.
- 9. **Practice** and practice more; use a mirror.
- 10. **Be prepared** if things go wrong or are forgotten.
- 11. **Evaluate ways** to improve.

Choosing a Subject

Pick a topic that is interesting to you and preferably one that is familiar to you.

Limit your presentation to one process or main idea.

Learn all the facts you can about your subject.

Plan the steps and what you will do or say.

A er you have the plan, choose a catchy title.

All Presentations Have Three Parts

Visuals

Visuals are what you use to help illustrate your presentation and help the audience see how you do it. Visuals may be equipment, posters, charts, slides, videos or other objects.

Using Visuals

Use visuals only while demonstrating the point they illustrate, then set aside or they may detract from the rest of your presentation. Have them in order of use and within easy reach. Each should attract attention, be simple and neat, serve a purpose, be easy to use and t smoothly into the demonstration.

Use the **real thing** when:

You want to involve as many of the ve senses as possible.

e object is practical to carry, transport and maintain.

e object is unusual or interesting enough to hold the audience's attention.

Use **models** or miniatures when:

e real item is very large or small or impractical to transport.

Inside or cutaway views help tell your story

Use **boards** (chalk, dry-erase, annel, magnetic) when:
