

# TOOLIK FIELD STATION

OCT 1, 2018 - SEPT 30, 2019 REPORT  
2020 SAFETY & EMERGENCY PLANNING

SCOTT FILIPPONE

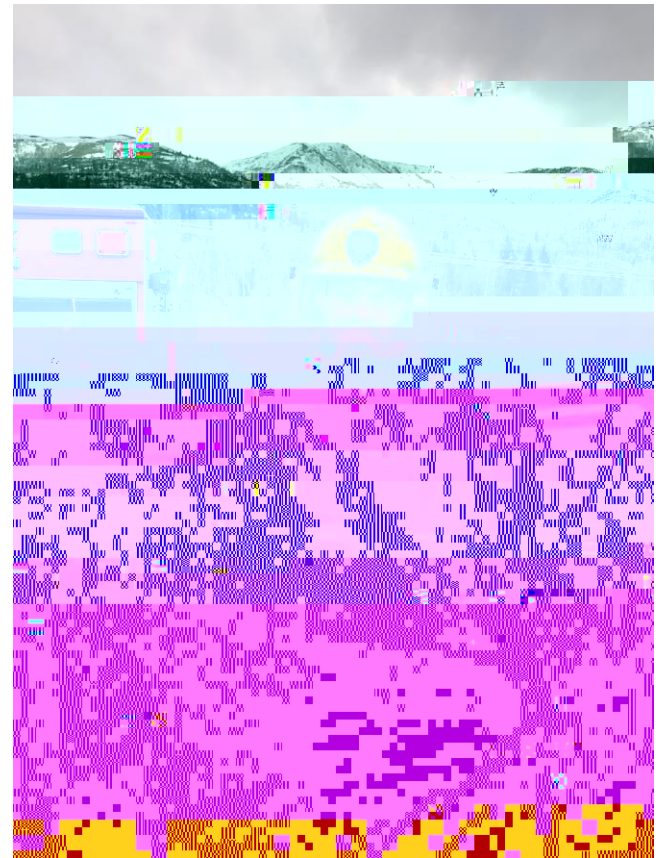

WHO AM I?

B.S. in Biology – 2013

# WHO AM I?

ER Tech - Alaska Native Medical Center

Firefighter/EMT - Chugiak Volunteer Fire Department

# GOALS FOR THIS POSITION

Continuity between field seasons

Coordination between institutions

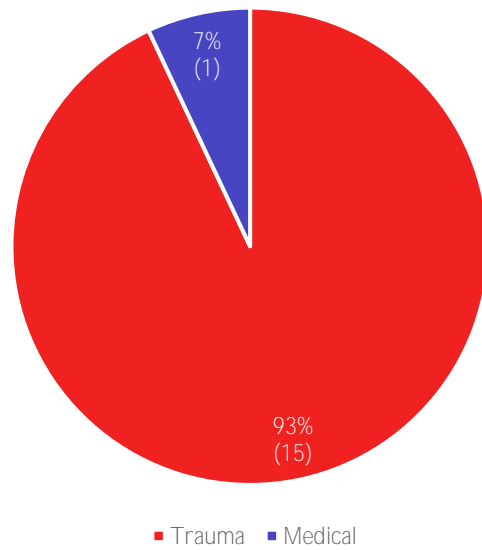

Consistency between staff and users

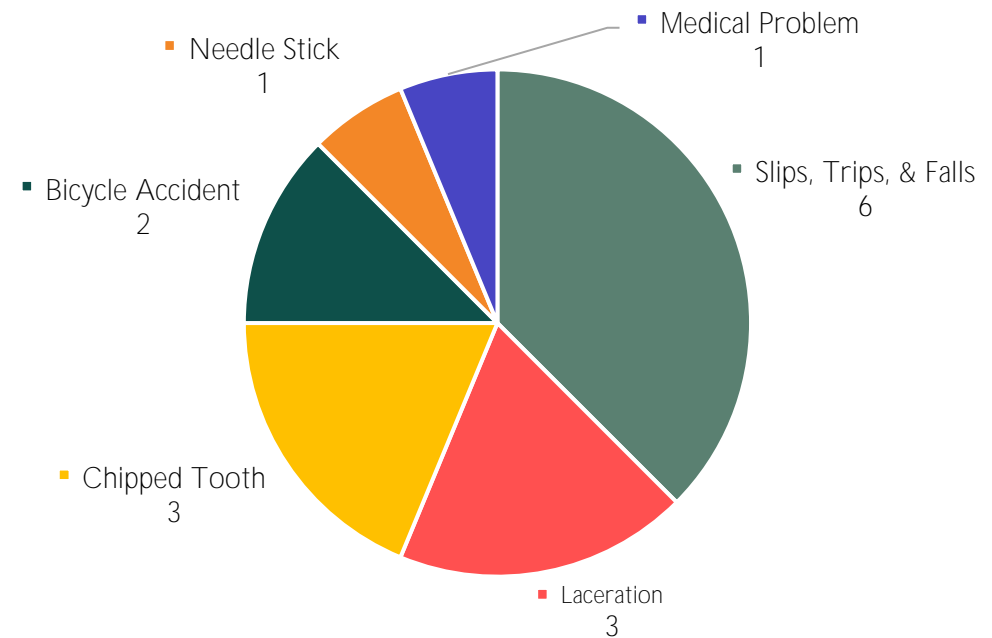

# INJURIES BY TYPE

## Trauma Vs. Medical Calls

## Cause of Injury

# FUTURE CAMP IMPROVEMENTS

Vital Sign/Cardiac monitor

Anti-slip stair nosing

New bike helmets and joint pads

Higher availability of first aid stations in buildings

More chemical waste storage cabinets

# INDUSTRIAL HYGIENE

# WEBSITE UPDATE & REQUEST SYSTEM

Website "Medical" tab reworked

Better idea of what to expect in camp

Support request system in the same format as UAF Health & Safety Assistant

Hazmat Waste Pickup

Container request

Radioactive materials declaration and removal
