JUSTIFICATION FOR ACTION REQUESTED

[The following text is heavily redacted with black bars and is therefore illegible.]

JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you ask for a change in # of credits, explain why; are you increasing the amount of material covered in the class? If you drop a prerequisite, is it because the material is covered elsewhere? If you want to change the title, explain why.

[The remainder of the page is a series of horizontal lines for writing, which are mostly obscured by heavy black redaction bars.]
