Over the past few years, enrollment has increased consistently by 100,000 students in public schools across the country. This growth is largely due to the fact that the number of students in the K-12 age group has increased significantly. This is a result of the fact that the number of children in the K-12 age group has increased significantly. This is a result of the fact that the number of children in the K-12 age group has increased significantly.
