

The UAF Faculty Senate Administrative Committee passed the following at its meeting

MOTION:

The UAF Faculty Senate moves to recommend that University President Mark Hamilton

forgo an international search for the chancellor of the University of Alaska Fairbanks and appoint Interim Chancellor Brian Rogers to the position of chancellor.

EFFECTIVE: Immediately

RATIONALE: Brian Rogers has performed admirably as the interim chancellor

chancellor, bringing the new chancellor to Fairbanks, and educating a new chancellor about the intricacies of the UAF system would mean that a new chancellor would not be prepared in time to assist in the arduous upcoming accreditation process or keep IIAF moving forward in the face of ongoing

the time is better spent allowing Brian Rogers to move toward his vision of the University of Alaska Fairbanks with the full authority of the office of the chancellor.

President, UAF Faculty Senate
